

Individual subjects: 2016/2017

RE	Reading	Writing
Is taught through our scheme 'Come and See'. We learn about other World Faiths and have daily opportunities for prayer and reflection. RE is also an opportunity to practice writing and reading skills	Reading is the key to success for all our children. We focus on individual, group or class reading and it is a mixture of phonics, key words and comprehension. Skills are taught and practised.	Most of our writing is taught through our topic and RE work. Grammar is taught as a separate lesson and through our writing and RE and topic work. There are weekly spellings and handwriting practice sessions.
Maths	Science	History
We teach all aspects of mathematics and have a calculation policy which sets out the methods we teach. Children learn their tables up to 12 x 12	Our Science lessons are based on a scheme called Snap Science and with reference to the document 'maintaining curiosity'. This means that investigation is an important part of our science lessons.	Our history is taught through our topics. In Key Stage 2 we cover the Mayas, the Stone Age, the Romans, the Anglo Saxons. In Key Stage 1 we learn about the Great Fire of London and Neil Armstrong.
Geography	Modern Foreign Languages	Art
Some of our geography is taught through our topics. The rest is taught through the adventures of our school Bear 'Columbus Ted Harris'	We teach French in Years 3 to 6. In Years 1 and 2 we concentrate on acquiring really good skills in English.	Art is taught through our topics and RE. Children develop their drawing and sketching skills and they have the opportunity to learn about famous artists.
Design technology	IT	PE
This is taught through our topics. Cookery is taught separately but is sometimes linked to our topics.	Our IT lessons cover both 'coding' and office skills such as word, spread sheets, power point etc	We use a scheme called Primary PE Planning and this ensures we cover all aspects of the PE curriculum. We also offer extra PE lessons during the day for children who are less confident. Martial Arts is also taught in Key Stage 2
